

FOR IMMEDIATE RELEASE

January 2009

Bogier Consulting, Inc. Announces Name Change to Bogier Clinical & IT Solutions, Inc.

Raleigh, NC - January 2009 - Formerly known as Bogier Consulting, Inc., Bogier Clinical & IT Solutions, Inc. changed its name in January to better reflect the Clinical Outsourcing Solutions it provides today.

Under the new name, the company will continue to bridge the gap between the organizations that need quality clinical research services and the trained professionals interested in being a part of dedicated virtual teams. Bogier Clinical & IT Solutions, Inc. offers a large talent pool including SAS/Statistical Programmers, Biostatisticians, SAS Developers/Testers and Epidemiology/Health Outcomes Programmers.

As a Functional Service Provider, the company offers multiple services including data conversions/transfers done in SAS, SAS programming or data mining of large databases, and summary statistics for the pharmaceutical and biotechnology industries. "Our new name reflects our foundation, company growth and focused direction to our clients," said Retha Bogier, Founder & CEO of Bogier Clinical & IT Solutions, Inc. As part of the re-branding, the company is changing its name and corporate logo. In addition, Bogier Clinical & IT Solutions, Inc. is launching a new website to present its current services and offerings. The new Bogierclinicalit.com will include multiple features to serve as a better resource for its clients.

Bogier Clinical & IT Solutions, Inc., a Functional Service Provider of Biostatistics, Statistical Programming and SAS Development services, was founded in 1996. Bogier recognizes the need for the "right" resources in the Pharma industry and provides clinical outsourcing solutions to help its clients maximize their R&D goals. The company recruits and maintains clinical research employees, a talent pool of skilled, trained professionals, to support and assist its clients in their clinical research projects. This Functional Service Provider has multiple certifications including Minority & Women Owned Business, MBE - Minority Business Enterprise, and SDB - Small Disadvantage Business.
